Arrays	Parameters (Bold = present in 2025)	
Fruit and vegetables	· Multi-residue pesticides (acid herbicides, phenoxy acids and more)	·In situ parameters (pH, dissolved oxygen, conductivity, temperature, turbidity, suspended solids)
Vegetable oil	Fosetyl-Al (sum)	Phthalates
Flours and their cereals	Maleic hydrazide	Polycyclic aromatic hydrocarbon (PAH)
Condiments and spices	Chlorate, Perchlorate	Additives: Preservatives
Latex materials	Glyphosate, AMPA	Additives: Colorants
Water on site	Glufosinate, metabolites	Additives: anti-caking agent
Table salt	Ethephon	Physicochemical properties
Alcoholic beverages: wine	Quaternary ammonium compounds (QAC)	In situ sampling and COD (Chemical Oxygen Demand) analysis
Cocoa and its derivatives	Diquat, Paraquat	Cations
Nuts	Mepiquat, Chlormequat	Anions
Fatty fruits	Dithiocarbamates	Metals
	Inorganic arsenic	Nitrosamines
Solvents (Ethanol, Water)	Mycotoxins: Aflatoxins B/G, Ochratoxin A (OTA)

USE OF THIS CATALOGUE

This document is the 2025 catalogue of proficiency tests organized by **TestQual**. Here you will also find instructions on how to participate in our proficiency tests as well as information about our services.

You can use this document to easily check which parameters and/or matrixes are available to conveniently request those that interest you.

Useful information: All PTs will accept participants as soon as they are published on our website. All proficiency tests have a sample reservation deadline and a later registration deadline. The sample reservation deadline indicates when you can apply to participate, with a higher chance of being accepted (this will only depend on the LOQs of each participant and the submission conditions). The registration deadline, on the other hand, indicates when you can register, but always depending on the availability of samples.

**Our team will be happy to help you find the parameter/matrix you are looking for, and
always for the best price.**

Contact information available at the end of this document.

TestQual International Plan 2025

SEARCH BY ANALYTE/MATRIX 2025

You can use this table to view more conveniently the available matrix/analyte combinations as well as the concentration range*.

Matrix:	Strawberry	Pear	Olive oil	Lettuce	Green beans	White wine	Wheat flour	Orange	Aubergine	Cucumber	Apple
Analyte/s (units)↓											
Dithiocarbamates (mg/Kg)	0,01-MRL								0,01-MRL		
Multiresidue pesticides (specific families may be included, see instructions) (µg/Kg)		10-400	10-400	10-400	10-400	10-400	10-400	10-400			10-400
Fosetyl-Al (sum) (µg/Kg)		10-400				10-400					10-400
PAHs (µg/Kg)			1-20								
Glyphosate and AMPA (µg/Kg)				10-400			10-400				10-400
QAC (individual) (µg/Kg)										10-400	
Ethephon (µg/Kg)					10-400					10-400	
Chlorate (µg/Kg)					10-400						10-400
Perchlorate (µg/Kg)					10-400						10-400
Diquat (µg/Kg)										10-400	
Paraquat (µg/Kg)										10-400	
Mepiquat (µg/Kg)										10-400	
Chlormequat (µg/Kg)										10-400	

*The concentration ranges shown here are not kept updated if they change, consult the instructions. MRL= Maximum Residue Limit.

OFFERS

OUR TEAM WILL APPLY THE BEST DISCOUNTS AUTOMATICALLY.

LIMITED TIME

- At the beginning of the year TestQual offers you offers to schedule your participations for the best possible price.
- **15% discount** in **JANUARY 2025** for all 2025 year offers/registrations.
- **15% discount** in **FEBRUARY 2025** for all 2025 year offers/registrations.

AVAILABLE ALL YEAR:

- **2x1** in **shipment** costs if the proficiency tests share a distribution date **
- With **3** participations (**30% discount accumulated** from each exercise which will be applied to the last one carried out) *

CONTACT US OR REGISTER!

Email: testqual@testqual.com

Discounts do NOT apply to shipping costs.

*Applicable to registrations through the website or requested in an offer within the same 24-hour period. Conditions may apply, check www.TestQual.com.

** Only 1 shipment will be invoiced and the samples of the proficiency tests in which you are registered will be sent together. The highest shipping price of the registered proficiency tests will be applied. In the event of incompatibilities, the TestQual team will notify you.

REQUEST A QUOTE

Our priority is to provide the best service, making it easy and comfortable: You can contact TestQual directly or the distributor in your country (if your country has a distributor, you can consult the list on our website) we will take care of providing a quick response to your request.

If you have never worked with **TestQual** before, you must register through our website. Below you can find the details and steps below.

If you submit a registration for a proficiency test without a prior offer/quote, we will contact you to let you know the price.

HOW DO WE OPERATE?

After the deadline to reserve a sample the acceptance of new participants will depend on the availability of the proficiency test samples.

Once the participation request is accepted, if an offer was not previously issued, you will be sent an order confirmation/offer/quote from **TestQual** or the distributor in your country. The best possible discount will be applied automatically. Discounts that require selection by the participant cannot be automatically applied. If after receiving the prize you do not agree, cancellation is free if you notify it in accordance with the participation conditions.

Before sending the proficiency test sample(s), you will receive an email with the instructions/recommendations for its handling/storage/analysis, as well as confirming the definitive shipping date and, if possible, the estimated arrival date, as well as the deadline to submit your results. This information can be found on the PT page on our website and/or in the proficiency test instructions.

CONTROL MATERIALS AND TARGETS

Quality control materials and blank items are available on the **TestQual** website; these can be acquired and used for laboratory quality control. Both can be acquired through our website or by requesting an offer from **TestQual** staff (or its national distributor). The blanks acquired along proficiency tests DO NOT belong to the same batch from which the PT samples are prepared.

HOW TO START WORKING TESTQUAL?

If you want to participate in our PT or acquire material, you must create an account on our website, you can follow the following steps:

1. Access to <https://testqual.com/registro?lng=en>.
2. You must complete the required information (laboratory name, VAT, contact information, etc.).

3. Once registration is complete, the website administrator will notify you by email when your account has been activated.
4. Once the account is activated, you can log in with your credentials and request any proficiency tests and/or material you need.
5. In case any additional information is necessary, the **TestQual** team will contact you.

HOW TO REGISTER FOR AN PROFICIENCY TEST?

1. Check out the proficiency tests available at https://www.testqual.com/proficiency_tests/?anio=2025.
2. By clicking on the shopping cart of a proficiency test you will access the page with information regarding it.
3. The proficiency test page contains the instructions in PDF format (right column) and at the bottom and top of the web page you can start your request to participate by clicking on the "Participate" button.

Our team can add proficiency tests to your client area and save you time, all you must do is send us your quantification limits* or tell us which group of available analytes they will analyse.

*By sending us your data you accept the conditions of participation.

4. Log in.
5. Select the matrix(es) available for the proficiency test and indicate the limit of quantification of the proficiency test parameters that your laboratory studies and that you want to be quoted.

During registration you will find help tools at your disposal to make it easier for you to enter your data (Load quantification limits from past participations or apply the same quantification limit to all parameters).

Analytes left as Not Analysed (NA) will not appear when you send the results (they will not be requested).

6. When you accept, a screen will appear for you to verify that the data entered is correct. After confirming it, the registration will be completed.
7. The website administrator will review your participation request to ensure the participation will be useful for your and in less than 48 hours, if you are not requesting any further information, you will receive an email with your laboratory code, confirming your participation.

By accessing your customer area, you can check that the participation request has been sent satisfactorily and, if it is pending review or has already been assigned a laboratory code.

CAN'T FIND THE PROFICIENCY TEST YOU NEED?

For those laboratories or companies that do not find a proficiency test that meets their needs in the program proposed by **TestQual**, a tailored proficiency test can be organized customized to your needs. If you would like to obtain a no-obligation quote for a tailored proficiency test, you will find our contact details below, our team will gladly guide you throughout the entire process.

CONTACT INFORMATION

If you would like a quote, have any questions or we can help you in any way, our team will be happy to assist you and help you in any way they can.

Contact form	https://www.testqual.com/contacto/?lng=en
Email	testqual@testqual.com
Phones	+34-868 94 94 86 (Office) +34-676 367 555 (Mobile phone)

We have at your disposal a list, totally free:

- Receive an email when a proficiency test is going to be distributed so you can request it if you want to participate.
- Receive an email notification when there are changes to TestQual accreditation.
- Receive discounts and promotions.
